

Major Scholarships List by Month

Listed below are just a few of many scholarships that are coming up in the next few months. This is **not a comprehensive list of scholarships**. There are many more scholarships than the ones listed. It is the responsibility of each student to research scholarships which may pertain to them. Other helpful resources for scholarships are **scholarshipscanada.com** or **studentawards.com**, just to name two.

When looking at a scholarship, pay attention to the submission deadline and nomination deadline. The nomination deadline is the date you need to get your application into your guidance counsellor if a school nomination is required. Most scholarships do not require a school nomination. Your Guidance Counsellor will need your application no less than two weeks before the submission deadline. If a school nomination is not required then send your application directly to the scholarship organization. Please note, that some site may not be regularly updated, so be sure to check back closer to the deadline date.

October

- | | |
|------------------|--|
